

SHIFTm2M Workshop

Key Disciplemaking Frameworks

Whether you're just starting out or already leading a growing ministry, this workshop will challenge and equip you to take intentional steps toward becoming a movement of multiplying disciples.

The SHIFTm2M Workshop is a practical and inspiring introduction to a disciplemaking framework shaped by the life and ministry of Jesus. Designed for pastors and ministry leaders, this workshop will help you reimagine how your ministry can move from maintenance to multiplication.

This workshop will offer a practical disciplemaking framework that you can contextualize, provides opportunities to discuss with other like minded leaders, and allow you time and space to consider next steps.

This workshop is being run on both a saturday for lay leaders and a wednesday for full-time church staff. You only need attend one.

Who is this workshop for?

- ✓ Churches and Christian organisations who are looking for a way to introduce their ministry leadership to disciplemaking principles from Jesus' life and teaching.
- ✓ Leadership teams who want to work together on a primary pathway for disciplemaking.
- ✓ Leaders seeking to equip their community to connect people to Jesus.
- ✓ Leaders who would like to understand more about SHIFTm2M before committing to the full nine day journey.

"We have made SHIFTm2M one of two practical core trainings for our Emerging Leaders program. SHIFTm2M helps us study the priorities of Jesus as the model movement builder., with a high degree of application through facilitation and coaching, to help leaders implement their 'primary pathway' for disciple-making into their ministry context."

Andrew Hodgson
Emerging Leaders Coordinator
Christian Community Churches,
Victoria and Tasmania
